

The courses found in this Disciplinary Literacy Program of Study (DLPS) were chosen by the Arkansas Department of Education (ADE) to be a comparable alternative to the required traditional college credit hours for adding Elementary Education Grades K-6 Endorsement to a standard teaching license. This program is designed for Arkansas Educators currently certified in grades 4-8 who wish to add grades K-6 to their Arkansas Teaching License. This is also recommended for K-12 Specialty Areas. Candidates must also meet any additional requirements as defined by the Arkansas Department of Education. Please contact ADE Licensure with any questions regarding your individual licensure requirements.

In order to earn the 45-hour professional development credit for Elementary Education K-6 Endorsement through ArkansasIDEAS, you must complete all of the courses within the Disciplinary Literacy K-6 Program of Study. A complete list of courses is included.

ArkansasIDEAS must verify that you have satisfactorily completed each component of all courses in the DLPS before a certificate can be awarded. This verification includes 1) time spent viewing each video; 2) number of attempts at assessments 3) passing score of 80% or above on all assessments; and 4) completion of course surveys.

Any attempts to falsify records, or submission of a completion statement without spending the appropriate amount of time in a course, is considered fraud and a violation of the Code of Ethics for Arkansas Educators. If you are found in violation of the terms of this site or attempting to submit fraudulent documentation, your privileges to use ArkansasIDEAS could be revoked and ADE may be notified of the violation. If you are unfamiliar with the Arkansas Educator code of ethics, please [click here](#).
